Dear Waterworks Owner/Operator:

RE: Precautionary Drinking Water Advisory – Town of Maple Creek

Please be advised that the Water Security Agency is rescinding the Precautionary Drinking Water Advisory placed on the Town of Maple Creek's water distribution system and is effective immediately.

The bacteriological samples submitted by the Town of Maple Creek have tested negative for bacteria, and the town has taken all necessary steps to ensure the safety of the water. The town should be commended for their actions to bring the water system back on-line.

If you have any further questions or concerns please contact me at (306) 778-8642.

Sincerely,
